WONCA Rural Health Conference Field Visits
Monday Oct. 15

Homeless Populations: $35 (limited to 54 attendees)

Albuquerque Opportunity Center/Heading Home Project is a service campus that co-locates two programs: Emergency Overnight Housing and Respite Care Program. The campus includes an outdoor garden, computer lab, storage area, showers, laundry facilities, medical examination rooms, a library and a classroom area. Albuquerque Healthcare for the Homeless is an entity providing caring and comprehensive health and integrated supportive services to those experiencing homelessness.

Native American/Indigenous Health: $50 (limited to 54 attendees)

Acoma Sky City is a part of New Mexico's cultural heritage and is the oldest continuously inhabited settlement in North America and the 28th Historic Site designated by the National Trust for Historic Preservation. Acoma history is also the story of the Southwest, from its initial role as the home to the Anasazi people, to the thirteenth century founding of the Pueblo, which is still alive and well as a community and touchstone for Native Americans in the area and nationwide.
**Santa Fe/Cerrillos/Madrid:** $35 (limited to 54 attendees)

Founded as a Spanish colony in 1610, the capital of New Mexico, **Santa Fe** lies at the foot of the Sangre de Cristo Mountains. Santa Fe’s intersection of culture, history and ancient tradition provide a magical backdrop for visiting the many world renowned museums, shops and restaurants it has to offer.

Santa Fe residents are cared for by several health systems including the Indian Health Service, Christus St. Vincent’s Medical Center, Presbyterian Santa Fe Medical Center and La Familia Medical Center (location of the UNM 1+2 Residency Program, a clinic that provides services to everyone, regardless of his/her ability to pay.

Located on the Turquoise Trail, **Cerrillos** was once considered the capital of New Mexico prior to Santa Fe. Today, Cerrillos is a reminder of the Old West, with dirt streets, few small businesses and only about 230 residents. Ortiz Mountain Health Center in Cerrillos is run by Presbyterian Medical Services and provides Primary Care to the surrounding rural locations.

Also located along the Turquoise Trail between Santa Fe and Albuquerque is **Madrid**, a historic coal mining and ghost town. Madrid now serves as primarily as an artist’s colony with over 40 shops, galleries, restaurants and other amenities.
International Refugee/Immigrant Health: $35 (limited to 54 attendees)

The Southeast Heights Center for Family & Community Health (SEH) is located in a multicultural, multilingual area of Albuquerque known locally as the International District. A large proportion of the patients are immigrants and/or refugees with a majority coming from Vietnam, Cuba, Central/East Africa, and the Middle East. We are a level three Patient-Centered Medical Home and, as such, team-based care is integral to the manner in which we provide care. We provided more than 20,000 patient visits in the last year.

South Valley Health Commons: $35 (limited to 54 attendees)

The South Valley Health Commons is in the process of building a permanent campus for a Health Leadership High School; an early childhood development center; a wellness center; a four acre farm and food hub; a farm-to-table-style restaurant; and, an enterprise lease space. These community development projects were selected with the goal of investing in those enterprises which hold the best promise of eliminating inequity and being financially sustainable through collaboration, thereby generating a wellness ecosystem. Each of the component parts of the South Valley Community Commons will be located within a built environment that promotes community engagement, active living, healthy eating and collaboration by design.
